Balanced Accountability Model

Looking Ahead – Preparing for an Evolution of Accountability in Vermont

June 2014

The [Vermont Agency of Education](#) (AOE) and the [Vermont Superintendents Association](#) (VSA) are pleased to announce two dates have been set for the June conversations.

The VSA and AOE are partnering to facilitate a series of statewide conversations for superintendents about the Balanced Accountability Model currently in the early stages of development. An overview of the draft model will be shared, along with information about possible timelines for development and submission for federal approval. In addition to communicating information about the Model to our partners in the field, these discussions will allow the AOE to gather feedback on the proposal from attendees, and to identify possible opportunities for local-level collaboration as the development process unfolds.

This presentation will duplicate the material presented at the VSA conference workshop delivered on May 23, 2014 at the Lake Morey Resort.

June Conversations for Superintendents

DATE	TIME	SCHOOL	HOST
Thursday, June 12	9:30-11am	Rutland Central SU office	Debra Taylor
Thursday, June 19	9:30-11am	VT Superintendents Association office	Jeff Francis
